TWIN RIVERS YMCA 2014 ANNUAL REPORT

# The Y. So Much More™

In 2014 our YMCA became an even more vibrant force in our community for youth development, healthy living and social responsibility. We affirmed that by delivering on our mission – To put Christian principles into practice through programs that build healthy spirit mind and body for all – we will strengthen the foundation of our community.

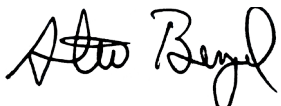

We focused on Youth Development by nurturing the potential of every child and teen who becomes involved with our Y. Through our strong collaboration with Craven County Schools we are now delivering our Afterschool Enrichment program at ten elementary schools in Craven County. This structured supervised program helps children learn grow and thrive in an environment that builds self-confidence and self-esteem while teaching positive character values.

Todd Shuart, CEO

As one of the influential leaders in the community promoting health and well-being, we bring families closer together, encourage healthy lifestyle activities, and foster connections through fitness, sports, and a variety of activities and events. We have influenced all ages – from infants to seniors. Whether it's interactive play in our Child Watch area, or Healthy Eating and Physical Activity guidelines for our afterschool children, teens learning healthy competition in our Y-Bern Teen basketball league on Friday evenings, or Group Exercise classes designed specifically for our Active Older Adults, everyone can be healthy at the Y.

Giving back and providing support to our neighbors is our Social Responsibility. For more than a decade our YMCA has partnered with Craven County Schools and CarolinaEast Foundation to teach our children lifelong lifesaving skills through our Water Safety Program. Helping our children become more aware and respectful of the aquatic environment here in New Bern and building confidence in our youth by teaching them safe practices around the water and steps to take in case of a water emergency.

Steve Bengel, CVO

As we move forward into 2015 the Y will continue to work hard to address our community's needs through programs at the Y and in our community. This would not be possible without the generous support of the H.H. Bate Foundation, CarolinaEast Health Systems, and many other groups, foundations, businesses, and individuals who support the positive impact our YMCA is making in our community through charitable contributions to our Annual Campaign. Please read about some of the people committed to serving their community and being engaged with their friends and neighbors at the Y!

## Youth Sports

Every child regardless of skill or ability is encouraged to experience the fun, fair play, and benefits of being active and to learn skills and build confidence.

"My friends and I left the NC Youth & Government conference this past February confident in our abilities and our potentials. We left the conference inspired; inspired to do more with ourselves. Through NC Youth & Government, my peers and I were able to look at our futures with a greater hope and determination. I was inspired to look toward the future and see myself playing an active, positive role in both my destiny and in those of others. Through NC Youth & Government, I gained a greater understanding of leadership, government and politics, but I truly left with a greater understanding of myself. The effects of this program are certain to reverberate into the community, nation, and the greater world."

"I started working out at the Y to help improve my flexibility and overall strength. I was losing mobility in my body, causing simple tasks such as putting on my jacket to be difficult. I began taking Silver Sneakers classes which has been so fun and encouraging. The biggest difference I have noticed is the ease I have when reaching for my seat belt, and turning my head to see safely when backing out of parking spaces."

"I was a grad student in Richmond, VA working towards my Masters of Divinity. Most days consisted of lot's of reading, writing, and long hours in the library. With little income and lot's of student debt, I learned that the YMCA offered financial assistance. I joined the Y not just to find a space for exercise, but also because I believed in the Y's values. In our society, it is a privilege to be healthy and an even greater privilege to have a gym membership. Because of the Y's income based rates, we are a more inclusive and diverse community -- that's an organization of which I want to be a part."
